# Scientology: Weird Doctrines

2 Cor 11:14-15 *Satan disguises himself as an angel of light.. His servants also disguise...*

Data (1)

The head of the Galactic Confederation (76 planets around larger stars visible from here) founded 75,000,000 yrs ago, very space opera. Solved overpopulation (250 billion or so per planet - 178 billion on average) by mass implanting. He caused people to be brought to Degecack (Earth) and put on H Bomb on the principal volcanoes (Incident 2) and then the Pacific area ones were taken in boxes to Hawaii and the Atlantic area ones to Las Palmas and then "packaged." His name was Xenu. He used renegades. Various misleading data by means of circuits etc. was placed in the implants. When through, Royal Officers (to the people) captured him after 6 years of battle and put him in an electronic mountain trap where he still (confed) is. They "are gone. The place has since been a desert.

You find out this exotic, **absurd science fiction account** by a Hubbard handwritten note when you attain OT Level 3

## 4. Afterlife: Soul Survives Death & Goes To Venus.

In a widely reprinted June 24, 1990 *Los Angeles Times* article, Hubbard was quoted (apparently from a lecture given in the 1950s) describing how, after death, a *Thetan is carried to a "landing station" on Venus*, where it is "*programmed with lies*," put in a capsule, and then "dumped" back on Earth, where it wanders in search of a baby to inhabit."
